Mitraa: Deadline missed, so I pushed it to the Dean. I'll ping you the moment they reply.

ReZolv found the real cause

The water stops after every power cut, because the pump has no backup. A fix that worked in Hostel A has been sent to Estates.

Timeline | Why?

Escalated to the Dean

Estates did not update after the deadline.

Today, 10:05 AM

Root cause found

Linked to power cuts at the Pump House.
